

ISACK EBENEZAR S

Full Stack Developer — Laravel | React JS | PHP | MySQL

+91 8248935676 | isackidan@gmail.com | Bodinayakanur, Theni, Tamil Nadu

PROFESSIONAL SUMMARY

Full Stack Developer with 6 months of professional experience building production-grade web applications using Laravel, React JS, Core PHP, and MySQL. Delivered 10+ client and live projects end-to-end — covering e-commerce, real estate, room booking, and hospital websites. Experienced in REST API development, JWT token-based authentication, Razor pay payment integration, GST tax calculation automation, and responsive UI development. Actively seeking a Full Stack Developer role to apply and grow these skills in a product-driven team.

WORK EXPERIENCE (6 Month)

Full Stack Developer

Dec 2026 – Present

Twikibot Technologies, Theni, Tamil Nadu

- Developed and deployed 10+ production web applications across e-commerce, healthcare, real estate, and export domains
- Built RESTful APIs with Laravel, implemented JWT token-based auth and middleware for secure route protection
- Integrated Razor pay payment gateway with automatic GST calculation (IGST, SGST, CGST) based on pin code API
- Used AJAX for real-time data updates — cart, search, and order tracking without page reload
- Built employee management system — advance tracking, task updates, leave and permission workflows
- Integrated WhatsApp API for automated customer notifications and order updates

PROJECTS

Full Stack E-Commerce — React JS + Laravel (Professional Project) | React JS, Laravel, JWT, MySQL, Razor pay, REST API

- Built complete e-commerce platform with React JS frontend and Laravel REST API backend
- Implemented JWT token-based authentication, protected routes, and role-based middleware
- Razor pay payment integration with production deployment and dynamic product management
- Fully dynamic — product listing, cart, checkout, order management, and admin panel

MCA Final Year — Checkout & GST Calculation — | Core PHP, pin code API, MySQL, AJAX

- Built full checkout module in Core PHP with pin code-based API to detect state automatically
- Implemented automatic GST split — IGST for inter-state, SGST + CGST for intra-state orders
- Real-time calculation on pin code entry using AJAX — no page reloads required
- Tested and validated against live GST rules for accurate tax computation

Website Footer Chatbot — DB-Connected (Professional Project) | PHP, MySQL, JavaScript, AJAX

- Built a footer-embedded chatbot connected to live database
- Features: discount product display, product name search, and order ID tracking
- Real-time responses using AJAX — instant results without page navigation

Siva Sakthi Rooms — Room Booking & Admin Portal (Live Project) | Laravel, Razorpay, MySQL, Bootstrap

- Free launching project for Siva Sakthi — live at sivasakthirooms.com
- Full admin panel for room and booking management with Razor pay payment integration
- Handles room listing, availability, booking, payment, and order confirmation

Thameem Exporters — E-Commerce Website (Professional Project) | Core PHP, Razor pay, AJAX, MySQL

- End-to-end e-commerce — product listing, cart, checkout, order management, and admin panel
- Razor pay integration with auto state/tax calculation and AJAX-based dynamic cart

Theni House Plots — Real Estate Portal (Professional Project) / *Core PHP, Bootstrap*

- Full stack real estate website — property listings, branding, and WhatsApp API integration

Paranaya Hospital Website (Professional Project) / *HTML, CSS, Bootstrap, JavaScript*

- Delivered complete hospital website in 3 days — 8+ responsive pages

7+ Client Landing Pages (Professional Projects) / *HTML, CSS, Bootstrap, JavaScript*

- SEO-friendly, mobile-first responsive landing pages for various clients

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (ES6+), React JS

Backend: PHP, Core PHP, Laravel (MVC, REST API, JWT Auth, Middleware, Sanctum)

Database: MySQL — CRUD, query optimization, relational schema, DB connections

Payments & APIs: Razor pay, pin code API (GST automation), WhatsApp API, REST APIs, AJAX

Tools: Git, GitHub, VS Code

Concepts: Token-based Auth, Role-based Access, MVC Architecture, Responsive Design

EDUCATION

Master of Computer Applications — MCA (Final Year)

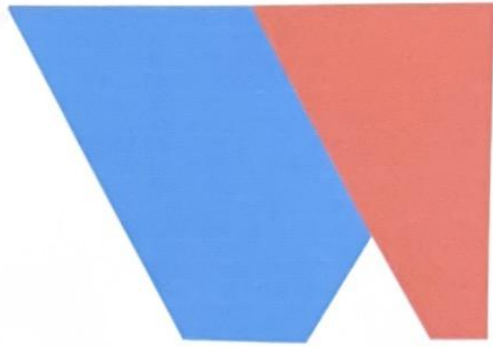

2024 – 2026

Kalasaligam University, Tamil Nadu

Bachelor of Commerce (Computer Application)

2022 – 2024

Madurai Kamaraj University, Tamil Nadu
